

## [RIIWHS204D](#) – Work Safely at Heights

**Duration:** 7 hours

**Course Cost:** \$175 per person

**Mode of Delivery:** Face-to-face (Classroom)

**Pre-requisites:** Nil

Nationally accredited Safe Working at Heights training courses are designed for persons who are required to work at height. Participants will develop skills to select height safety equipment and apply it to specific tasks. Training covers how to work in accordance with Height Safety Regulations, Australian Standards and relevant codes of practice.

Participants will have an understanding of Risk Assessment procedures and permits to work at height. They will also undergo practical instruction in the correct use of height safety equipment. This Nationally accredited course is site specific and can be tailored to suit your company's specific safety requirements.

**Award issued:**

Students who successfully complete this nationally recognised training will be awarded the statement of attainment for:

- RIIWHS204D Work safely at heights.
